NGC-140/000047-199

**REMARKS**

Claims 1-6, 14-15 and 21-27 are pending. Claims 7-13 and 16-20 are cancelled herein. Claim 1 is amended herein.

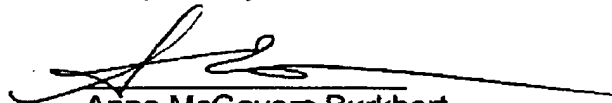

In light of the amendments hereinabove, Applicant respectfully traverses the Examiner's rejections set forth in the Final Office Action.

The art previously cited and relied on by the examiner is unrelated to the physical properties achieved in the material described herein above. The art cited is concerned with bendability, rather than bulk and Young's modulus properties.

**CONCLUSION**

In view of the above amendments and remarks, allowance of all claims pending is respectfully requested. Further, Applicant hereby requests a telephone conference with the Examiner if an allowance of all claims is not indicated in light of the above amendments.

Respectfully submitted,

Anne McGovern Burkhart  
Attorney for Applicant
